

RISHAB KATTA

rk4056@rit.edu | 585-200-9518 | rishabkatta.com

Summary:

Computer Science Master's candidate with 3+ years of industry experience in the areas of Software Development, Distributed Systems, Data Analytics & research experience in Machine Learning, seeking a full-time position starting **August 2021**.

Education:

Master of Science: Computer Science GPA: 3.83

Rochester Institute of Technology | Rochester, NY, USA | Expected in August 2021

Bachelor of Science: Computer Engineering GPA: 3.92

Osmania University | Hyderabad, India | May 2016

Skills:

Languages: Java, Python, C++, GoLang JavaScript, Bash, SQL(PostgreSQL), NoSQL (MongoDB, Neo4j), HTML, CSS.

Frameworks & Tools: AWS, GCP, Spring, Hibernate, Node.js, Elasticsearch, Kibana, Git, Spark, Kafka, Docker, Kubernetes.

Libraries: React and Redux, Pandas, NumPy, SciPy, Scikit-Learn, Keras, TensorFlow, NLTK, OpenCV.

Platforms: Linux, Unix-based, Windows.

Work Experience:

Software Engineering Intern

Nokia | Sunnyvale, CA | Aug 2020 - Dec 2020

- I worked on a product - Secret Key Management (CSKM). It's integrating Hashicorp Vault into Nokia Software Portfolio.
- Wrote Token Renewal service in GoLang, Auto-deployment scripts in Bash, YAML for Kubernetes-Helm, added Istio Service Mesh support, improved test automation framework in Jenkins pipelines and answered several support tickets.

Graduate Student Researcher

Distributed Systems Lab at RIT | Rochester, NY | Apr 2020 - Aug 2020

- Incorporating Homomorphic Encryption into SparkFHE to support secure data analytics and ML on encrypted data in cloud.

Software Engineering Intern

Aeris Communications Inc. | San Jose, CA | Aug 2019 - Jan 2020

- Ava is an intelligent assistant which understands natural language and responds to text and voice commands.
- Ava helps Aeris customers to request information about their IoT devices, and perform troubleshooting in an efficient and streamlined fashion. It uses Role-Based Access, where each user can only access devices under his control.
- I designed, built and deployed the Aeris Virtual Assistant (AVA) all by myself with the help of my mentor. Tech stack used includes JavaScript, Node.js, NLP, Dialogflow, React, Hapi, SQL, Docker for containerization, Google Cloud.
- The second project is a research project. The research is on FOTA (Firmware Over-the-Air) Transfer over LTE-M Network for IoT devices. I wrote a paper based on our conclusions from the project and submitted to Elsevier Journal.

Software Engineer

Infosys Limited | Bangalore, India | Jun 2016 – Jun 2018

- Worked on a Java-based web application (Spring MVC) for managing check payments. Built a service that matches and balances account data, checking for errors & possible fraud, and a service that generates reconciled statements.
- Developed a service for Data Masking to encrypt/hide sensitive production data for the client, a US-Based Bank.
- Automated Report generation about flow and timings of batch execution of jobs, saving 50 man-hours of work/week.
- Experience with API designs, database integration, building CI/CD Pipelines, code reviews, working with XML/SOAP.

Projects:

Kademlia - Distributed Hash Table | Java, Remote Procedure Call, Multi-threading, TCP, UDP, Docker

- Built a decentralized P2P file sharing Kademlia network that can be scalable up to 256 nodes
- Deployed the system using docker and docker compose that fires up both clients and nodes

Diabetic Retinopathy Detection | Python, TensorFlow, Keras, Scikit-learn, OpenCV

- Created an automated grading system for Diabetic Retinopathy using Inceptionv3 CNN Architecture.
- Experimented with image processing techniques like CLAHE. AUC achieved: 0.83

Yelpcamp | JavaScript, Node.js, Express, MongoDB and REST API

- Developed Yelpcamp which is a campground sharing web app with features like Register/Login, adding friends, sharing campgrounds, posting reviews, liking posts. Yelpcamp has a Beautiful Material Design UI.

Certifications:

- AWS Certified Solutions Architect Associate • Machine Learning by Andrew Ng (Stanford University).
